

## **Mexican Colada**

- 1 cup pineapple juice
- 1 cup crushed pineapple fruit
- 1/2 cup coconut milk
- 2 tbs lime juice
- Ice, crushed or cubed

Add all ingredients into a blender and puree until everything is mixed and slushy. Have chilled glasses ready for serving. A little paper umbrella would be a nice touch too.

Recipe Notes: Make this into ice lollies instead of a drink. Just leave out the crushed ice, then pour into lolly moulds and freeze for around 4 hours. Add desiccated coconut for texture and crunch.
